CHAP. 1.

An Act for raising the Sum of Twenty-five Thousand Pounds, for the better protection of the Inhabitants on the Frontiers of this Colony, and for other purposes therein mentioned.

XXII. And whereas divers companies of the militia of the several counties of Prince William, Fairfax, and Culpeper, were lately drawn out into actual service for the defence and protection of the frontier of this colony, against the incursions and depredations of the French, and their Indian allies, whose names and the time they respectively continued in the said service, are contained in a certain schedule to this act annexed, and it is just and necessary that they should be paid for such their service, by the public, and also that the several sums of money in the said schedule charged for provisions, found for the use of the said militia, should be paid to the persons respectively entitled to the same, according to the said schedule; and for an encouragement to the militia of this colony to go out freely for the defence of their country in all times of danger, with a certain assurance of being paid for their services: Be it further enacted, by the authority aforesaid, That the treasurer of this colony do, within six months after the passing of this act, pay in treasury notes, to be emitted by virtue of this act, to the several officers and private soldiers, particularly named in the said schedule, the several sums of tobacco to which they are respectively entitled, at the rate of ten shillings per hundred, and also the several sums of money charged in the said schedule, for provisions found for the use of the said militia, to the persons thereby respectively entitled to the same, and also the several tobacco claims, for provisions found for the said militia, to be discharged at one penny per pound, any thing in the acts relating to invasions and insurrections to the contrary notwithstanding.
