- 1671** Census Record, “There were two significant early censuses made in this area (*author’s note; Swedish Colonies of Delaware*). The 1671 Census was the first English census of Delaware ordered by the New York Governor and includes all taxable persons. The 1693 Census includes only the members of the Swedish Church to prove to the authorities in Sweden that there was a sizable group of people here who desired pastoral care. There are **no Verdemans** in either census, thus they presumably arrived later on”.

Author’s note: Mr. Nichols’ comments regarding these censuses, in particular the second census of only members of the Swedish Church, supposes the

Vardeman family to be “Swedish” and to be members of the Swedish Church. We do not know with confidence the origin of the Vardeman surname, nor the church affiliation of John Vardeman (John Vardeman I) and his wife. We do know based upon church records that his son William (William Vardeman I) and his daughter Jane (Joanna) Margarita do become members of the Old Swedes Church by marrying spouses whose families are existing members. Therefore, the second census may not record the presence of the John Vardeman’s (John Vardeman I) family merely because of the lack of membership status with the Swedish Church.

Marriage, Rev. Andrew Hesselius was married at Old Swedes Church on May, 1713, the same day that he took the regular pastorate from his predecessor, Eric Bjork, the first pastor. His last service was on September 15, 1723 when he handed it over to his brother, Samuel Hesselius, whose farewell sermon was preached on Oct. 10, 1731. The Vardeman family were married, took communion, and baptized their children in this church under the ministry of Rev. Andrew and Rev. Samuel Hesselius.

1714

Personal Communications, in a letter of Jan. 19, 2002, Dr. Peter S. Craig discusses his opinions on the origins of the Vardeman family of New Castle County, Delaware.

“This is to acknowledge and try to answer your inquiry of January 13th about the origins of the Vardeman family of New Castle County.

I myself have puzzled over this question and believe that **John Vardeman** who died in Appoquinimink Hundred, New Castle County, in 1714 was not Swedish, although two of his children did marry into the Swedish congregation at Holy Trinity (Old Swedes) Church in Wilmington. That church was a Swedish Lutheran church, open to persons born in Sweden, descendants of the same and persons who intermarried with members of the church. Others could be baptized or married there, but they were not considered members. In the case of two of **John Vardeman's children – William and Margaret** – they became members by such intermarriage.

The name Vardeman – or variations thereof – did not appear in the records of the Holy Trinity Church until 21 April 1720 when **William Vardeman** Married **Magdalena Peterson**, daughter of Peter Petersson and his wife Karin. **William and Magdalena Vardeman** took communion together at that church on 15 May 1720, 24 May 1724, and 18 October 1724. Their only known child was **Maria**, born 1 April 1724, who was baptized in the church on 5 April 1724, with Pastor Samuel Hesselius, Jacob Vandiver, Maria [Stalco] Smith, and Erasmus Stedham's wife Helena appearing as sponsors. The name of **William Vardeman** disappears from church records after 1724. He may have died.

William Vardeman's sister Margaret married James Sinnicks [variously spelled] at Holy Trinity Church on 20 January 1730. She was called Margaret or Margareta in church records, but in one deed (New Castle County deeds, B2:313) she was referred to as Joanna Margaret. She had many children, and in the 1764 church census taken by Pastor Anders Borell, she was described as

“Swedish”, a term which generally meant that she was of Swedish extraction. She was then (in 1764) reported to be 56 years old (born c. 1708), able to read the Swedish Bible and knew the Swedish language “completely.”

Borell’s description of her makes me wonder if John Vardeman’s wife Margaret, at the time of his death, was Swedish. Margareta or Margaret was a common Swedish name, and there was a Swedish widow by that name in the early 1700s. She had been the wife of Paul Peterson, an uncle of the Magdalena Peterson who married William Vardeman. (See my book, *The 1693 Census of the Swedes on the Delaware*, 117.) For this to be the case, however, Margaret could not have been the mother of John Vardeman’s eldest son John (who was of age in 1714). It would also seem unlikely that she could be the mother of the other two sons, Christopher and William (the latter marrying in 1720).

I tend to reject this thesis, however, since John Vardeman’s will (witnessed, I observe, by three Englishmen) mentions his wife Margaret as being the mother of his eldest son John (New Castle wills, Misc. 1:472)

Borell was not particularly accurate in his census of 1764. I tend to think that Margareta [Vardeman] Sinnicks’ “Swedish” label was the result of her having learned the language well as the wife of a Swede. I believe her Swedishness was acquired, not inherited from her mother. But certainly not from her father who, it seems, never stepped foot in the Swedish church.

Finally, I should note that most of the Swedes lived close to present Wilmington, in Brandywine, Christiana and New Castle hundreds. Very few were to be found at the southern end of New Castle County in Appoquinimink Hundred prior to the death of John Vardeman. Sincerely yours, Peter S. Craig.

Sd James then died Intestate leaving no issue and afsd brother was his survivor and heir. Then sd Edward died leaving issue one son, named Edward Williams; who by his indenture dated Feb. 1732, did grant 450 acres of sd land unto afsd **Johanis Wardiman** (*Johannes Vardaman*). Note by JHV: This is a very important deed in that it establishes several very important facts:

It confirms that Johannes did indeed have a wife named Sarah (see the 1718 will above).

Johannes was still alive in February 1732 when he purchased 450 acres from Edward Williams but was deceased after 1 May 1733, the date of his will, (see my notes to the November 1748 deed below) and before 16 May 1735, the date of this deed.

After Johannes' death, his widow Sarah Wardiman (Vardiman) married John Hardin on some date between May 1733 and May 1735.

Although it has not been located, we know that Johannes did, indeed, leave a will as stated in the November 1748 deed. (see below). We can be sure of this because had he died intestate an administration of his estate would have taken place and an Administrator of the Estate would have been appointed by the court. Such is obviously not the case here as his widow, Sarah, is explicitly named as the Executor of his estate.

Since none of Johannes' three sons is named as an Executor

(together with their mother) of his Estate, I believe it is reasonable to conclude that all three sons were still minors (i.e., had not yet reached the age of twentyone) at the time that Johannes' will was written, 1 May 1733.

Also, please note that the land involved in this deed is apparently part of the same tract of land involved in the October 1718 deed above. Note the different spellings of the names of the parties involved with this tract of land:

*John Vardiman (1718 deed) -- Johanis Wardiman (1735 deed);
Edmund Andres (1718 deed) -- Edmond Andros (1735 deed);
Percival Westerdale (1718 deed) -- Percifel Washton (1735 deed);
John Barker (1718 deed) -- John Barber (1735 deed);
Edmund Williams (1718 deed) -- Edward Williams (1735 deed).*

I wonder how many of these different spellings actually appear in the documents and how many represent abstracting errors?

Note by JHV: The above deed abstract is a condensed version of the actual deed which fills almost two legal size pages and contains much more detail than the above abstract. A vital item omitted from the above abstract is the actual date of the will of Johannes Vardiman. This portion of the actual deed reads:

".....And Whereas the aforesd **Johanas Verdiman** (*Johannes Vardeman*), by his Testament and Last Will in writing bearing date the first day of May One Thousand Seven Hundred and Thirty three duly proved and remaining in the Registers Office at Newcastle and did devise in these words To Say "I Give and bequeath unto my three sons **William and Christopher and Jacob** (*sons of Johannes Vardeman*), all of my Lands and personal Estate after all my Just and Lawful Debts are paid equilly Divided amongst them and enjoyed by them their heirs and assigns forever" as by the said insert recited Testament may appear."

Source: My copy of the abstract of this deed was obtained several years ago, from Dorothy (Mrs. James A.) Tierney, of Natchitoches, LA, a Vardaman descendant. Although I was never able to determine her source for this Document, a copy of the original deed recently obtained by David Vardiman from the Delaware Public Archives agrees with the abstract.

Additional notes by JHV: This deed provides us with the following additional information.

Johannes Vardiman did, indeed, leave a will. This 1748 deed gives us not only the date of the will(1 May 1733) but also the details of his bequest (all property left to his sons).

The 450-acre tract of land mentioned in this deed appears to be the tract acquired by Johannes in February 1732 from Edward Williams. (See deed dated 16 May 1735, above).

From the wording of Johannes' 1733 will, as set forth in this deed, ALL of his property was left to his three sons. There is no indication that he left anything to his wife, Sarah.

In view of this, the 200 acres being sold by Sarah and her husband, John Hardin, as Executor of the Estate of Johannes Vardiman, to Mary Taylor, in the deed dated 16 May 1735, was actually land left to the 3 sons of Johannes and must have been land obtained prior to the land acquired in 1732 -- possibly land left to Johannes by his father, John Vardiman.

From the above we can deduce that the 3 sons, William, Christopher and Jacob, had not yet reached the age of 21 as of the date of this sale of their land (16 May 1735) or they would have been selling the land themselves.

The above Robert reference is a transcription error. A review of the actual documents shows the name as Peter Vardeman not Robert Vardeman.

John Vardeman (John Vardeman II) was not included in the rolls leading one to believe he has either come of age, moved to another area, is now married or pays his own tithes.

Note: From Jack Vardaman's Peter Vardeman paper.

1752, Lunenburg Co., VA. **William Vardaman** pays two tithes for himself and son, **Peter**

Vardeman. Tithes were paid for males who had attained the age of 16. In 1750,

William paid 3 tithes, for himself and sons John and William, Jr. No tithe was paid for son **Peter** in 1750. The tithe lists for 1751 for the district in which William Vardaman resided have never been found. Since a tithe was paid for **Peter** in 1752 and not in 1750, we can determine that he reached the age of 16 in either 1751 (tithe lists missing) or 1752. From this we can calculate that he was born in either late 1734, 1735 or 1736.

Note: In the book, *Sunlight On The Southside (Lists of Tithes, Lunenburg County, Virginia, 1748-1783)* by Landon C. Bell, page 203, William Verdeman is shown as paying two tithes for himself and a *Robert Verdeman*; however, this is an abstracting error. A review of the actual tithe list (I have a copy) clearly shows that William paid tithes for himself and *Peter Vardeman*.

Immediately preceding the Vardeman entry on the tithe list is *Israel Peterson* (William Vardeman's brother-in-law). *Peter* in the name *Peterson* is written exactly the same as in the *Peter Vardeman* entry. In addition, while Mr. Bell chose to interpret the surname on this entry on the tithe list as *Verdeman*, it appears to actually be *Vardeman*.

January Special Court 1758, Notes for **William Vardeman Sr.** (*William Vardeman I*) and his son **William Jr.** (*William Vardeman II*) In the hope of enlisting the aid of friendly Cherokees and Catawbias in the struggle against the French and their Indian allies, Virginia Governor Dinwiddie appointed Col. William Byrd and Col. Peter Randolph to visit the two nations and negotiate a treaty. In the summer of 1756, the two tribes agreed to furnish 500 warriors in return for the erection of a fort to protect their wives and children from the northern Indians. The fort was built, but when the long promised Indian aid finally arrived in the spring of 1757, only 400 warriors came forward and of these only 180 remained. The ensuing tensions between the colonists and Cherokees erupted into bloodshed, and the citizens of Bedford County petitioned the governor to be allowed to kill their opponents.

Governor Dinwiddie's term of office expired in January of 1758, and while awaiting the arrival of the new governor, a special court was set up at May's Ferry (now Booker's Ferry) to investigate the root of the conflict. Among the deponents, **William Vardeman** (*William Vardeman I*) and his son **William Jr.** (*William Vardeman III*) testified that they arrived at the Staunton River where they thought they heard the Indians' "WarHalloo." Crossing the river, they discovered a recently kindled fire and a group of Cherokee not far away. All of the deponents claimed that "**Old William Verdman**" (*William Vardeman I*) aged about sixty, went foremost, and that they all followed close at his heels, that when they came up to the Enemy they found they had tyed their horses, pretty many in number to the Bushes, that most of the Indians were painted and others then painting, some black some Red, but mostly black, that when they came near **Old Verdman** (*William Vardeman I*) pulled off his Hatt and Bowed and accosted them in terms of peace, and Friendship, and said Gentlemen we come in a Brotherly manner to ask you for our Horses, and other Goods, that you have taken from us, that the Indians gave a kind of Grunt, and appeared determined for mischief, stripped themselves threw out the priming of their Guns, fresh primed and Cocked them, struck their Tomahawks into Trees, and in an angry manner demanded of the Deponents if they would fight; that whilst **Verdman** (*William Vardeman I*) who was still uncovered Bowing and treating with them, the Enemy Indeavored to Inviron them, and had actually got them into a half Circle before the Deponents were aware upon which, and **young Verdman** (*William Vardeman III*) observing that two Indians had pointed their Guns, they the Deponents all retreated backwards with their Faces to the Enemy, and took to trees, that on their retreat, the Indians threw their Tomahawks, and that two of them narrowly missed two of their men, that one of them would have hit **Old Verdman** (*William Vardeman I*), but that he luckily parried it with an Elder Stick he had in his hand (for he was one of the number of those that had no Guns)....

Note: This is the Peter Verdeman to Thomas Snow deed mentioned above. This entry is very important as Peter's wife, Prudence, is specified as releasing her dower rights to this property. This establishes that Peter Vardeman, son of William, has a wife named Prudence at this time (1767). This is a very important piece of evidence to support the identification of the Peter Vardeman in Kentucky who had a wife Prudence and who left a will in Shelby Co., KY, in 1808, as the same Peter Vardeman, son of William, who was in Bedford County, VA, in 1767.

Court records, **Peter Vardeman** (*Peter Vardeman I, son of Old William Vardeman I & Margaret Vardeman*), signed, along with others, a Petition to the General Assembly of Virginia stating;

To the Honourable speaker and the General Assembly of Virginia.

We your petitioners Inhabitants of Kentucky, Humbly beg leave to address you as their Legislative Body, imploring you to take into consideration our grievances; considering us as faithful subjects to the Republik and equally intitled to the Common Privileges with our fellow Citizens who pay a due reverence to the Constitution, and a proper regard for the preservation of it.

Your Memorialists thro' the Paternal Tenderness they have for their infant Families, the obligation which Nature binds to provide for them, Removed from the Interior parts of the Country through a Wilderness infested with the most Savage and cruel Enemies, combating with the greatest Difficulties, and yet continue to be Invaded by the Merciless Banditty, continually harrassed, confin'd to stations, and even debarr'd from applying the necessary means for the support of their Families, and have thought proper first to have recourse to redress through your Honourable Body, as Duty calls us to pay all Imagenable Deference to your Paternal Authority and Guardianship over us which your Memorailists are bound to observe while you Act for their safety and defence.

Your Memorialists humbly beg you to have a Retrospect to the year Seventy-nine, at which time your Honourable House thought proper to open a Land office for the Population of the Country & the megration of Foreigners, as Express'd in the Act of Assembly, at which time and ever since, every person was at Liberty to purchase without Cultivating as much Lands as He or She should think proper, which has been very injurious to the Indigent Inhabitants, and of but small advantage to the commonwealth, it has not only prevented sufficient Immigration, but has occasioned a continual Demegration, with those exterminated out of being by the Savage Barbarians that your Memorailists find their Number of Fighting Men considerably diminished since the year seventeen Hundred and Eighty, notwithstanding the small continued Immigrations since that Time.

Your Memorialists beg leave to point out a way for the Emolument and happiness of the Indigent Inhabitants, as also the most easy and Indubitable way of defending this Country, unless you can without an Infringment of the Rights of the People, Revive the antient Cultivation Law which seems very difficult to your Memorialists after such Lands has been appropriated with Reserve.

Your Memorialists beg leave to inform you that the Persons granted Land by the Act of May Session in Eighty one, in Consideration of their settling here since Seventy nine, and for other causes, have been prevented from acquiring such lands by an Inundation of Warrants being in the County where the Land office continued open before the county courts issued certificates, but there being great Quantities of Waste and unentered Lands yet in the other Counties in the District of Kentucky which your memorialists Conceives may be held in Reserve for the aforesaid settlers, as also for the Immediate peopling of this Country, and such megrants to be allowed according to Antient Custom, who shall immediately cultivate such lands or become Inhabitants with your Memorialists, as all other means has hitherto been found inadequate to the happiness and safety of this Country, your Memorialist conceives this Method to be the most easy and least injurious to the Publick weal, and as the Depretiation of Land Warrants being equal to that of the Paper Currency has become a Publick notoriety, and that the one Exchanges for the other without being in credit for scarcely any other Commodity. And your Memorialists must beg leave to add that the moneys in their hands died being in this Exterior part, they conceive this Mode if adopted, will quickly raise a Fund sufficient for the Redemption of such Warrants upon the same Terms they shall Receive for their Paper Currency. Your Memorialists wish to have their Locations secured to them who came early into this Country, and many of them through illetrisy, and unable to ascertain the true meaning of the Law with the Troubles of Indians, have not Enter'd their Lands so special and precise as the Law Requires – many without the kind of interposition of your House, will produce Tedious Letigations.

Your Memorialists pray you to take into consideration their Scatter'd situation, which is neither Eligible nor happy, and neither Aids nor any apparent Redress of their Grievances has appeared, which has produced Considerable Desentions amongst them, which an Inflatary Pamphlet intituled publick Good has augmented which, we pray you to take into Consideration and Create them a power Sufficient for their Controul and better Government, as well as for the Control and Management of all Civil and Military affairs in this Country which they only claim according to the Rights of the Constitution, or otherwise that you will grant them a Separation with your Intercession with the Honourable the Continental Congress for their Incorporation with them, at the same time they pay a proper Deference to your wise Determinations, Reploring [Reposing?] special Trust and Confidence in you. And your Petitioners as in Duty bound shall ever pray &c.

[Names.]

The Committee of the Courts of Justice to whom the Petition of sundry Inhabitants from Kentucky was referr'd, has gone thro' the same and come to several Resolutions thereupon, as follow.

Resolv'd, That so much of the said Petition as relates to the revival of the ancient cultivation Law be rejected.

Resolv'd, That so much thereof as relates to the claims of poor persons under the act of may Session 1781 and prays for the Liberty of locating their Claims in other Counties, is reasonable; and that where other Entries of Warrants of a subsequent Date should be offer'd at the same time for the same Land, such claims shall have the preference.

Resolv'd, That part which prays a confirmation of former Locations, tho' not made with that exact precision which the Law directs, provided they are so describ'd as that the Location can be known and that the Claimants shall not be at Liberty to lay off their Land in such a manner as to injure any one adjoining Claim in order to favor another or to make a vacancy adjoining thereto for themselves or others, is reasonable.

Resolv'd, That so much thereof as prays for the establishment of some kind of controuling power for the better management of their civil and military affairs, is reasonable.

Endorsement on back of petition: May 30th, 1782 –Ref'd to Courts of Justice – Security for their Entries-do. For poor persons - in having civil and military Govermt. Ref'd to Propositions. June 13th, 1782 – Some parts Resasonable – Other parts rejected – Reported.

Court records, **Peter Vardeman** (*Peter Vardeman I*), signed, along with others, a Petition to the General Assembly of Virginia stating.
To the Honourable speaker and the General Assembly of Virginia-
The Petition of Sundry inhabitants of the County of Bourbon humbly sheweth, That a Number of your petitioners are settled in that part of the said County of Bourbon which is commonly known by the name of Limestone Settlement about forty miles distant from the place agreed on for holding the Court of the said County, and which is not only a distinct settlement at present from the part of the said County but must remain so for many years by the Intervention of a Mountainous tract of Barren Land running down on each side of the main branch of Licking Creek. that cannot be inhabited. And exposes your petitioners to be surprised 7 murdered by the savages who frequently infest such places. And the main branch of Licking being a considerable and Rapid Water course often obstructs a convenient communication with the other part of the County and renders it inconvenient and expensive to suitors and others to attend the present Courthouse. And although it may be objected that the number of Inhabitants in the neighborhood of Limestone are too inconsiderable to be separated from the other part of the County at present. Yet when it is considered that one of the principal inlets for Emigrants into the Country is at this place, and from the Rapid Settlement that is now making. There is no doubt, but a sufficiency of Inhabitants will soon be collected. Your Petitioners therefore pray that your Hon. House will take their situation into consideration, and Erect all that part of the said County of Bourbon, which lies North of the main branch of Licking, To begin at the mouth of the said Licking Creek, thence up the main branch thereof to the Head

thence a direct line to the Junction of the Maddison & Russell County lines
thence along the Russell line to Bigg Sandy, thence down the same to the
mouth, thence down the Ohio River to the Beginning into a distinct County, and
your petitioners as in duty bound will ever pray. August 25th, 1786

Interview, "...Crab Orchard Church, formerly called Cedar Creek, was constituted of forty members, by William Marshall, in 1791. These members had been dismissed from Gilberts Creek Church for that purpose. William Bledsoe was chosen pastor. An extensive revival prevailed in this locality, from 1789 to 1792. It commenced in Gilberts Creek Church and extended to the bounds of Cedar Creek. To the former church about 400 members were added, and the latter shared largely in the ingathering after it was constituted. Among those who united with Cedar Creek Church, were three sons of **John Vardeman** (*John Vardeman II*) – **Amaziah, Morgan and Jeremiah**. October 1812

Interview, The old pioneer **John Vardeman** (*John Vardeman II*), remained near Crab Orchard, till 1812, when the country became too thickly settled to suit his habits of life, and he became restless and discontented, and again turned his face towards the setting sun. "In October of that year, the church at Crab Orchard entered on its book of records an order, that old John Vardeman (*John Vardeman II*), have a letter of dismission." The term "old" was designed to distinguish him from his son (*John Vardeman III*), of the same name. With this evidence of his fellowship with the children of God, he moved to Missouri, where he died at the age of 109 years.

Outstanding Issues:

1. Frances Vardeman, born c. 1735, died after 1786, Bedford Co., VA, married by c. 1755, Peter Bennett (1726-1778.)
2. James Vardeman, born c. 1750, Lunenburg Co., VA, died c. 1797, SC, thought to have m. before 1783, Jane/Jean Johnson, daughter of Daniel Johnson (c. 1726, MD – c. 1783, Abbeville Co., SC) and wife Ann of Abbeville Co., SC. Anne remarried to William Coates and removed to Jefferson Co., GA, where her Vardeman grandsons later met and married their wives. Mrs. Jean Vardeman appears on the 1810 Newberry Co., SC, Census. It is possible that James was also married to Sabra Lyles, daughter of Williamson Lyles, who refers to the children of his daughter Sabra Lyles in his 1794 will. In this case, Jean Johnson would have been James' second wife and not the mother of his three sons. James Vardeman's three sons married three sisters, daughter of Shadrack and Pherebe (Ratcliff) Vining.
 - a. William Vardeman, b. c. 1775, m. Ruth Vining.
 - b. Thomas Vardeman, b. c. 1777, d. 1857, Coosa Co., AL, m. Ann Vining.
 - c. Joseph Vardeman, b. c. 1781, m. Rachel Vining. They were in Harris Co., GA, in 1850.
 - d. Rachel Vardeman, m. Jacob Soutar.
 - e. Daughter.
3. Rev. Jeremiah Vardeman (1775, Wythe Co., Va – 1842). See Baptist History and Heritage, Vol. 21, Oct., 1986, p. 27, and the Draper Manuscripts.
4. Mary Magdalene Vardeman, born c. 1748, d.c. 1839 Rev. Simon Cockrill (1742 – 1839). They are said to have lived together 80 years and to have died within a day of each other on the borders of Clay Co., MO, she at age 100 and he at age 105. He was a noted hunter and trapper. The cockrills lived in Russell County in western Virginia as late as 1800 before removing to Missouri. (See Virkus Compendium, Vol I, p. 559)
5. Jemimah Vardeman, d. 27 Sept., 1814, age 54, m. John Sappington, d. 10 Sept., 1815, age 64. They are reported to have been buried in the Capt. John Sappington Cemetery, Crestwood, just west of St. Louis, MO.
